## ANPR Sign (Square)

ANPR Signage

ANPR SIG 304-304

The LED display has a built-in illuminator. Its metal case and power-sprayed coating make it suitable for outdoor use. It can display and broadcast custom content with configurations of screen brightness, volume, speed and male/female voice. It offers self-adaptive adjustment of illuminator brightness and automatic match of communication baud rate.

### Features

- Displays Vehicle Registration Number (VRN) and message
- Highlighted LED module displays in 64 × 64 matrix (4.75 mm pixel pitch)
- Adjustable brightness
- Supports audio broadcast
- 3 built-in LED illuminators
- Supports screen bad pixel (abnormal LED) detection
- Supports online update of program and character library
- Conforms to EMC CLASS A and ROHS standards
