Explosionproof Thermal Camera Housing- Stainless Steel

Camera housing

BHTS0000066

The rugged thermal camera housing is an ATEX Class I Division 1&2 / Class II Division 1&2 certified PTZ camera station, made in 316L stainless-steel. It is supplied without a camera. However, we can fit and certify a thermal camera of your choice if required. It is designed for use in hazardous areas in onshore, offshore, marine and heavy industrial environments. For example, passenger ships & commercial vessels, oil & gas exploration/extraction/marine and transport.

Features

- Thermal Camera Housing certified for use in hazardous environments
- ATEX Zone 1&2 / 21&22
- Class I Division 1&2 / Class II Division 1&2 and all the rest except zone 0.
- GE glass designed for thermal cameras
- Marine 316L grade stainless steel
- Windows glass surface process by nano technology . Good light transmittance.
- Low power consumption
- AC220V/DC12V. Other power options available.
- Suited to harsh environmental conditions including petrochemicals, mining, military, medicine, oil & gas, marine, drilling platforms, food processing and storage, offshore etc.
